MDA COMPACTION

SOLUTIONS

Plastic
Bale size :
24" X 30" X 48"
Bale weight :
up to 300 lbs
Loading size :
24" X 24"

Cardboard
Bale size :
60" X 30" X 48"
Bale weight :
up to 1000 lbs
Loading size :
24" X 60"

MADE IN CANADA
FABRIQUE AU CANADA

VERTICAL BALER

DUO | 2X - 1 CYLINDER

CARDBOARD | PLASTIC

P SERIE

UNMATCHED SECURITY

UNIQUE SAFETY FEATURE

- Submersible pump for zero-splash maintenance and quiet operation submerged hydraulic system (85DB).[1]
- Hinged hydraulic reservoir for easy maintenance without spillage.
- Door equipped with retention pins.[2]
- Robust monocoque structure for long lasting durability.
- Accessibility to moving parts is fully protected. Baler all around protected.

IS SECURITY REALLY AN OPTION?

US PATENT : 10,125,923,B2

SECURITY OPTIONS

BULLPEN

An exclusive mobile belt to keep operator and secure the bale ejection area.

BULLGUARD

An automatically opening barrier protecting the operator when ejecting a bale.

US PATENT : 10,125,923,B2

US PATENT : 10,125,923,B2

BULLHORN

Unique safety system to prevent the ram from collapsing when the door is opened.

SECUREPAK

Security management system making it impossible to bypass security operations.

The control panel is built according to CSA norm C 22.2 # 286-23 certificat LR-108292

EFFICIENCY OPTIONS

FEATURES :

- **Automatic bale ejection system once bale is ready.**
- **Pin attachment guide allows the bale to be attached without access to the rear of the baler. This allows the baler to be mounted against a wall.**

Manufacturer of Sustainable Development Equipment Since 1996

MDA Compaction specializes in the design and manufacturing of innovative solutions for waste materials management. With decades of experience, we are dedicated to advancing efficient, safe, and environmentally responsible practices for handling residual and recyclable materials. Our commitment to quality ensures that we deliver economical and sustainable solutions for the removal, treatment, storage, transportation, recovery, and disposal of residual materials—all in full compliance with environmental standards. At MDA Compaction, customer satisfaction, product excellence, and safety are at the heart of everything we do. We didn't achieve industry leadership by chance; we've redefined design and driven innovation to prioritize efficiency and safety. Let us help you manage today's challenges while building a cleaner, more sustainable future.

We are not the best by chance.

Re-thinking the design was key to the evolution towards safety and efficiency!
